

## School Council ideas for 2016/17

As a school council we have regular meetings and try to come up with ideas of how to improve our school.

During 1 of our first meetings we discussed ideas for this academic year.

Here are the ideas our School council came up with:

- Another school pet
- A pet for every class
- Friend stop on the field
- Small sand pit accessible for all
- Develop a Fairy garden – with ribbons
- Have an ICT room in every class room
- Have play equipment on the field and playground
- Go on a whole school trip
- Develop a scented garden
- Have a water slide for playtime
- Invest in a huge climbing frame
- Have an obstacle course on the field
- Have swings on the field
- More sports to do at lunchtime

- Ensure there are always 2 Ipads in each class
- Gymnastic equipment on the field
- More lunchtime clubs
- Once a week a year group gets to go into the pond area
- A dress up area –so we can do acting at playtimes.
- Water sprays
- More books in the library
- Mobile classroom to be turned into a library
- Create an Indoor play area
- Show we care by delivering food parcels to people less fortunate at Christmas time.

After looking at some of these ideas we decided that some of them would be unmanageable so we decided we would be unable to do them. Highlighted

We also thought that some of the ideas might cost a lot of money so we will have to look at them over time and speak to Mr Peet about how we could raise money for these.

All of these ideas are proposed and we will look into which ones will help our school the best.
