

Mrs Cundy

Year 3 Class Teacher

I have just completed my second year of teaching here at Redlands and am now enjoying seeing the children I have taught progressing through the school. Next year I will be the lead for Science.

I love being outside in my garden relaxing and reading a book in my hammock!

Miss Farley

Year 3 Class Teacher

Hello, my name is Taya Farley and I am really excited about starting my teaching journey here at Redlands Primary School. Most importantly, I am looking forward to getting to know all of the wonderful children in my class, across the whole school and local community. Outside of school, I love reading, creating new resources and exploring new places.

I have a mischievous dog called Harley who keeps me busy! Harley is very good at sitting on my laptop and 'helping' me with school work.
